Perkins, et al. :  
Application No. 10/664,837 :  
Filed: 17 September, 2003 :  
Attorney Docket No. P03320 :  
ON PETITION

This is a decision on the petition filed on 6 February, 2006, under 37 C.F.R. §1.47(a).

For the reasons set forth below, the petition under 37 C.F.R. §1.47(a) is **GRANTED**.

**BACKGROUND**

The record indicates:

- the instant application was filed on 17 September, 2003, without, *inter alia*, a fully executed oath/declaration;
- on 12 December, 2003, the Office mailed a Notice of Missing Parts indicating, *inter alia*, that a fully executed oath/declaration (signed and dated) was required;
- the 24 March, 2004, petition (submitted, *inter alia*, an oath/declaration signed by co-inventor James T. Perkins for himself and on behalf of non-signing co-inventor Paul J. Ferreira) was dismissed on 24 January, 2006, because Petitioner Michael L. Smith (Reg. No. 35,685) evidenced that only the oath/declaration and not the entire application (description, claims, abstract and drawings) was sent to non-signing co-inventor Paul J. Ferreira, and provided no showing of a diligent effort to ensure the currency of the last known residential address set forth for the non-signing inventor;

- the instant petition appears to cure those deficiencies.

Lastly, Petitioner has submitted a declaration in compliance with 37 C.F.R. §1.63 and §1.64.

This application and papers have been reviewed and found in compliance with 37 C.F.R. §1.47(a).

This application hereby is **ACCORDED status under 37 C.F.R. §1.47(a)**.

As provided under 37 C.F.R. §1.47(a), the Office will forward notice of this application's filing to the non-signing inventor at the address given in the petition.

Notice of the filing of this application also will be published in the Official Gazette.

**This file is being released to OIPE for processing as necessary to reflect the instant decision**  
before being released for examination in due course.

Telephone inquiries concerning **this decision** may be directed to the undersigned at (571) 272-3214.

COMMUNICATION

Dear Paul J. Ferreira:

You are named as inventor in the above identified United States patent application, filed under the provisions of 35 U.S.C. §116 (United States Code), and 37 C.F.R. §1.47,<sup>1</sup> ¶a, Rules of Practice in Patent Cases. Should a patent be granted on the application you will be designated therein as inventor.

As a named inventor you are entitled to inspect any paper in the file wrapper of the application,

<sup>1</sup> The regulations at 37 C.F.R. §1.47 provide:

**§ 1.47 Filing when an inventor refuses to sign or cannot be reached.**

(a) If a joint inventor refuses to join in an application for patent or cannot be found or reached after diligent effort, the application may be made by the other inventor on behalf of himself or herself and the nonsigning inventor. The oath or declaration in such an application must be accompanied by a petition including proof of the pertinent facts, the fee set forth in §1.17(h), and the last known address of the nonsigning inventor. The nonsigning inventor may subsequently join in the application by filing an oath or declaration complying with §1.63.

(b) Whenever all of the inventors refuse to execute an application for patent, or cannot be found or reached after diligent effort, a person to whom an inventor has assigned or agreed in writing to assign the invention, or who otherwise shows sufficient proprietary interest in the matter justifying such action, may make application for patent on behalf of and as agent for all the inventors. The oath or declaration in such an application must be accompanied by a petition including proof of the pertinent facts, a showing that such action is necessary to preserve the rights of the parties or to prevent irreparable damage, the fee set forth in §1.17(h), and the last known address of all of the inventors. An inventor may subsequently join in the application by filing an oath or declaration complying with §1.63.

© The Office will send notice of the filing of the application to all inventors who have not joined in the application at the address(es) provided in the petition under this section, and publish notice of the filing of the application in the *Official Gazette*. The Office may dispense with this notice provision in a continuation or divisional application, if notice regarding the filing of the prior application was given to the nonsigning inventor(s).
